

ARADHANA RANI

PH. No. : 7384933584

E-Mail: aradhana.rani.738@gmail.com

SUMMARY

Motivated Electronics and Communication Engineering student with skills in Python, AI, HTML, Bootstrap and cyber security . Completed internships and certifications, showcasing strong problem-solving and technical expertise. Passionate about innovative tech solutions.

WORK EXPERIENCE

CTTC Bhubaneswar — VLSI Training

2024

Completed industrial training at Central Tool Room & Training Centre (CTTC), Bhubaneswar with a focus on VLSI (Very Large Scale Integration) design.

- Gained hands-on exposure to VLSI design flow, digital circuit design, and semiconductor fundamentals.
- Worked with industry-standard EDA tools for schematic design and simulation.

Artificial Intelligence with Python -- Internship

Apr, 2024 - Jun, 2024

Successfully completed two minor projects based on Artificial Intelligence with Python.

- Built a Vision Transformer model for image classification.
- Developed a Text Classification project using TensorFlow.

PROJECTS

StudentSphere

- Developed a full-stack student social platform with profiles, posts, real-time chat, and resume uploads.
- Used HTML, CSS, JavaScript, and Firebase for authentication, database, and cloud storage.
- Added features like skill tracking, dark mode, and responsive UI with smooth animations.

Flipkart Clone- Frontend

- Developed a responsive Flipkart clone using HTML, CSS, and JavaScript, replicating key UI features like navigation bar, product grid, and search functionality.
- Implemented modern design practices including hover effects, banners, and category carousels to closely mimic the user experience of the original platform.
- Ensured cross-device compatibility and clean, modular code structure for maintainability and scalability.

EDUCATION

DAV Public School, Phusro, Jharkhand

2009-2015

- Class LKG to Class 5

Zoom International School, Durgapur, West Bengal

2016-2023

- Class 6 to Class 12

Dr. B.C. Roy Engineering College

2023 - 2027

- B.Tech Electronics and Communication Engineering

ADDITIONAL INFORMATION

- **Technical Skills:** Excel, Python, SQL, Basic C, GitHub
- **Languages:** English, Hindi
- **Certifications:** Cybersecurity, HTML, CSS, Bootstrap, Cloud platform job simulation
- **Awards/Activities:** Awards in 100m Race and Relay Race, Participated Hackathon.
